As a Teacher you will need to share our commitment, vision and values. Our collection of schools is not only changing, but also growing. As a result, this could lead to further progression opportunities within our schools over time.

The successful candidate will be able to engage and enthuse our pupils and work collaboratively within a diverse team of professionals from across the education and wider care landscape. Our mantra "we never give up" and "great today, better tomorrow" underpins our approach to working with pupils and guides our values. 3. Regular well-being support
4. A supportive environment where your talents will be encouraged, nurtured and rewarded

We firmly believe in giving pupils the tools to manage their own attitudes to their education and learning experiences, progress and behaviour. We provide positive

reference points for pupils to reflect upon and grow from. We believe in establishing strong and supportive relationships with parents and carers, recognising the power of a 'team around the child' as another important factor in pupils' success during their time with us.

The Respect Collaboration of Schools are committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. Therefore, the successful candidate will be required to undergo an enhanced DBS check and other vetting procedures including the provision of two good references.
